

Pierre Goldenbogen

Curriculum Vitae

*"Software should solve problems, not create them."
- Günther Goldenbogen -*

Education

- 2000–2001 **Technical college**, *Robert Bosch Schule*, Zuffenhausen – Germany.
Degree: Advanced Technical College Certificate - German: Fachhochschulreife
- 1996–2000 **Secondary School**, *Realschule in der Glemsaue*, Ditzingen – Germany.
Degree: General Certificate of Secondary Education (GCSE) - German: Realschuleabschluss
- 1994–1995 **Middle School**, *Theodor-Heuglin-Schule*, Hirschlanden-Schöckingen – Germany.
- 1990–1994 **Elementary School**, *Theodor-Heuglin-Schule*, Hirschlanden-Schöckingen – Germany.

Vocational training

- 2001–2004 **Education**, *IT specialist in application development*.
School education, *Werner-Siemens-Schule*, Stuttgart – Germany.
Occupational training, *Pascal Beratungsgesellschaft für Datenverarbeitung mbH*, Korntal-Münchingen – Germany.
Degree, *Chamber of Industry and Commerce certified IT specialist in application development*, German: IHK geprüfter Fachinformatiker im Bereich Anwendungsentwicklung.

Languages

- German **Mother tongue** *proficiency*
English **Advanced** *fluent in speech and writing*

Certificates

- 2010 ICND – Interconnecting Cisco Network Devices
2010 LPIC – Linux Professional Institute Certificate

Communication–skills

- 2015–2017 Training employees on new software solutions, Android applications, Common IT infrastructure concepts, SCM "done right"
- 2010–2014 Training employees on new software solutions, Office 2003, 2007 & 2010 Linux (Ubuntu), Typo3
2010 Training of employees in Sharepoint, Office 2007, Typo Light
- 2008–2009 Training of IT specialists in usage of different terminal systems with focus on support
- 2001–2004 Consulting of customers in mobile data handling and mobile billing systems

Drivers license

- Motor vehicles, other than those in category A (Motor cycles), having a permissible maximum weight not exceeding 3.500 kg (7.700 lb) and not more than eight seats in addition to the driver's seat.
- German: Klasse B

Career as an employee

- 2017–2017 **IT specialist**, KEYBIRD IT GMBH, Stuttgart – Germany.
At Keybird I worked as a software developer with Java as the main language. I supported the development of REST interface for a tool management software for a internationally known Germany company. The project setup changed and the REST interface development got on hold in favor of other project-milestones. Unfortunately, other projects were still in the design-phase or already fully setup with developers and architects.
- 2015–2017 **IT specialist**, ITSOFT GMBH, Erdmannhausen – Germany.
My job at ITsoft GmbH contained several areas in the IT landscape. From providing first level support to the employees up to planing and realizing complex network scenarios, writing software to control robots and building complete devices based on custom-built hardware. A tight relation to the customers was a must and being compliant with given specifications and industry standards was highly required.
I ported several older, maintenance intensive applications and libraries to new programming languages. As additional benefits a lot of bugs were fixed, the people who took over the maintenance and further development were able to rely on a high quality documentation and, the projects got more accessible for new developers.
- 2010–2014 **IT specialist**, SIEGLE + EPPLE GMBH & Co. KG, Stuttgart – Germany.
At SIEGLE + EPPLE GmbH & Co. KG I worked in almost all areas of modern IT. This included support of staff locally and also remote on their PCs or mobile phones. I had a strong focus on project management in hard - and software, too. This meant evaluation, planning, prototyping, implementation, testing and handover of projects.
I created software for stock management and facility automation, which saved huge amounts of waiting time and delays in many areas. Also, I ported software from 1991 for fan calculation from 32bit to 64bit and later on to Java and, created a software to control particle detectors.
- 2010–2010 **IT specialist**, KIT.EDU, Karlsruhe – Germany.
As an employee of the Profindis GmbH I was set-in at the Karlsruhe Institute of Technology in the areas of first & second level support for Windows and Linux systems and also, as an IT specialist for consulting institutions on how they can effectively obtain their goals based on modern technologies.
- 2009–2009 **IT specialist**, T-SYSTEMS, Stuttgart-Leinfelden – Germany.
T-Systems employees at the location Leinfelden had to be migrated to a newly set network topology. Perfect knowledge about Windows networks, domain controllers, DNS, DHCP services and hardware router / switches was as important as knowledge about project optimization. The project was not set up optimal and was in danger of failing because time and money would have went out of the bounds. After several optimization-steps we achieved a 53 % benefit in time and money and the project only extended the given time frame by 1.5 days and budget by 3.700 Euro.
- 2008–2009 **IT specialist**, STUTTGART AIRPORT, Leinfelden-Echterdingen – Germany.
The tasks at Stuttgart airport included a number of activities. Ranging from installation of terminal systems up to the planning of complex roll-outs. Changes or solutions were implemented as accurately and quickly as possible, to not interfere with the day-to-day procedures at an airport.
- 2007–2008 **IT specialist**, CHARAX GMBH, Gerlingen – Germany.
As an employee of Charax GmbH it was my job to maintain the servers for the internet services provided for customers and expand them based on customer needs. I did optimize existing websites for DHL.de and Zueblin.de, developed interfaces for internet third-party services based on Delphi and created an interface between Facebook and Second Life.

Career as an executive

- 2005–2007 **Managing Director**, PGIT, Ditzingen – Germany.
As the managing director of PGIT I have coordinated several employees. I consulted customers on how they can optimize internal processes and then created software based solutions which assisted them to achieve these optimizations. Clients included web radios, insurance agencies and well known German architectural offices.

IT-Skills

Server configuration

- Linux
 - DNS
 - LDAP
 - Mail
 - Webserver Apache & nginx
 - MySQL, PostgreSQL, MariaDb, MongoDB
 - Rhodocode
- Windows
 - Mail
 - Active Directory
 - Sharepoint 2000
 - Exchange

Support

- Personal Computer Windows 2000 / XP / Vista / 7 / 8 / 10 / Debian / Ubuntu / openSUSE / Fedora
- Server systems Windows 2000 / 2003 / 2010 / Debian / Ubuntu / openSUSE
- Office 2003 / 2007 / 2010 / OpenOffice / LibreOffice

Consulting

- Networks
- Broadband internet
- PC systems
- Server systems
- Websites
- Backup solutions

Design

- MS SQL Server 2000, MySQL, MariaDB, MongoDB, PostgreSQL
- Websites
- GUI

Construction and commissioning

- PC systems
- Server systems
- Networks
- Broadband internet
- InCar Systems

Software development

- Tools und applications for automation tasks
- Client–Server–applications
- Internet applications
- Websites
- Small to medium sized business portals
- Web based Business Cards
- Programming languages
 - Bash / Shell / Batch
 - FreePascal / Delphi 7 and higher
 - PHP 5, HTML, JavaScript, CSS
 - Typo3, Redaxo, GetSimple, Grav
 - Python
 - Ruby
 - Java, SWING, SWT und JavaFX
 - Client–Server & Stand alone
 - Online Updating
 - C/C++
 - QT 4.0 and higher
 - BoostLibrary
 - GTK+
 - SQL, PL/SQL
 - VBA, VB.net

Interests

- Open Source Ecosystem
- Social Engineering
- Music
- Bonsai
- Traveling
- Linux
- Mobile Computing
- Literature
- Hiking
- Fitness
